# GENESIS LAY IN CEILING TILES

Genesis is the last waterproof lay-in ceiling tile you'll ever need to buy. They are manufactured from PVC with a smooth or decorative, embossed surface texture. PVC tiles solve the problems of water damage and mold or mildew that are traditionally experienced with fiber-based lay-in tiles. Available in four standard lay-in styles and two revealed-edge (tegular) styles.

## STANDARD LAY-IN STYLES

### CLASSIC PRO

European inspired design offers a unique aesthetic appeal. Sculpted pattern controls light reflectance. An attractive solution for professional and private office, medical treatment room, conference room, music room, retail, hotels/resorts and offices. Panel Sizes: 2' x 2' x 4mm and 2' x 4' x 5mm.
